

High School Team Camp

What coaches say:

On The Ball Soccer Camp offers the most out of overall playing time and experience over the course of the weekend. The amount of 11v11 scrimmages is just enough to not over work the players before the season begins- yet offers an **incredible amount of playing experience** for the camp price. From 3v3 small sided competitive games- to full field 11v11 matches and college coached training sessions, On The Ball Soccer Camp has your preseason covered!

I have found the OTB Boys soccer camp to be a great opportunity for my program. The camp is very well run and is **very reasonably priced**. My team has received a valuable tool in preparing for the upcoming season and the ability to work on team building.

On The Ball soccer camp is the best camp I have ever experienced, our guys look forward to it every year, it has become a tradition for our program. Not only do they **love the games**, but the 3v3 tourney is top notch! It is a great way to get a first look at our team before we head into our season!

The On The Ball high school team camp is something that our players and coaches look forward to every year. It is a great way to develop team chemistry, and determine where our players are at before the start of the fall season. For players, the **3v3 tournament is the highlight** of the weekend. The clinics put on by Coach Smyth are also a great opportunity for coaches to further develop their coaching styles/techniques! This is a great weekend full of soccer and fun for players, coaches, and parents!

Our team has been involved in the OTB camp for the last two years. The camp is well organized with direct access to college coaches who were involved in training sessions for the whole team as well as **specific goalie training**. The camp offered competitive games for varying levels of high school teams over the three days. Even more important was the opportunity for team building preseason that was very helpful heading into August. A favorite of the athletes was definitely the 3v3 tournament in the evening. I would highly recommend the camp to other coaches.

OTB High School Camp allowed us to get a **jump start** to the season before the first day of practice. We were able to compete against teams we do not see during the season and experiment with players playing different positions. The players enjoyed the experience and continued to talk about the camp throughout the season.

My team viewed our time at the Findlay OTB Soccer Camp as one of the **highlights of our season**. The camp is structured for coaches to identify their teams strengths and weaknesses and is invaluable in preparing for the coming season. Coach Smyth and his staff have the knowledge and experience to offer an outside perspective on how my team can be successful .

Great camp for my staff and I to try new formations, put players in new positions and just see what might work for us in the upcoming season. Gives us a good **competitive environment** to evaluate our players against other teams and not just against each other. 3v3 tournament is a blast and really helps build team unity.

1st trip last year to OTB camp for our High School Boys. Camp was well organized and managed. Staff was great to work with and **very helpful**. Our boys learned a lot, but had a blast doing it most importantly. The 3v3 tournament was super exciting!! Already in our plans for next year.

We have come to camp for several years. It has given me the opportunity to **experiment with different formations** and different personnel. The players really enjoy the experience.

On the Ball Soccer Camp was a great pre-season bonding experience for our players. Being able to play in game situations really helped our **team improve** on last year's record. Even our chaperones were impressed with this camp! We look forward to attending next year. Thanks again!

We participated in the OTB camp for the first time in 2017. With a lot of young, quality players entering the squad, they were able to work together with the upperclassmen and take their game to **another level** thanks to this camp.

Tom Wiseman
Lehman Catholic HS

We had a good **teambuilding** experience with this camp. The 3v3 was a huge success. It allowed our smaller school with limited club soccer opportunities available, the chance to work in a college environment and get a next level experience with a good group of college coaches.

Thanks again Andy.
